

<b>Signal Type*</b>	<b>Bit Rate</b>
NTSC TV	6 Mhz **
Compressed Video	3 mbps
Composite Video	8 to 18 mbps
HD Video –wire	38 mbps
HD Video –air	19 mbps

## **Bit rates for various video formats**

Notes:

\*All have an aspect ratio of 4:3, scan lines of 525, and frame rates of 30i.

\*\*Broadcast NTSC is analog while the other signals are digital.

When NTSC is connected over the network using baulins, it is not a digital signal.
